

Value Days Invitations Go To 10,000 Families

Ten thousand families who should be shopping regularly in Lemon Grove are getting a special invitation to do so this week, said Earl Nelson, president of the Lemon Grove Boosters Club.

The invitation is in the form of a 16-page shopping section, a reprint of a similar section appearing in this issue of the LEMON GROVE REVIEW. Ten thousand families near the boundaries of Lemon Grove are getting a copy of this section by mail.

Local merchants have joined together, as they have done in past promotions, to offer seasonal merchandise at greatly reduced prices.

The Lemon Grove Chamber of Commerce (the Boosters is the Merchants Division of the organization) is issuing personalized invitations to residents of two

new subdivisions nearby. They are Spring Valley Estates and San Altos No. 2. These invitations will provide the holder to be given an orchid upon her visit to the shopping area, according to Bill Parker, chamber president. A copy of the LEMON GROVE REVIEW will also be given to these residents along with the invitation, so that the spirit of Lemon Grove shopping will be created. The invitations and the newspapers will be delivered by carrier boys to these areas.

A giant giveaway jackpot, the drawing for which is held each Friday in the Lemon Grove Plaza, will be conducted as usual. All shoppers are eligible for part or all of the pot's \$1,700 cash without obligation. It is not necessary to make a purchase to be eligible.

Teachers' Show Rates 'Top' Performance Nod

Hilarity reigned this week on the stage of the Junior High School auditorium where the Lemon Grove District Teachers Association presented their first production, "The Whole Town's Talking," a farce by Anita Loos and John Emerson.

The ambitious undertaking, presented in three scenes with 18 teachers in the cast, measured well with the offerings of Old Globe theatre in Balboa Park... that theatre being the measuring-stick of all home talent shows. The show was a sell-out at each performance.

The play was a year in the putting together and producing, and the effort showed through. In every instance the cast performed without lapses, an unusual condition in a fast-paced comedy.

The story itself is of little moment. It is a boy finds, boy loses, boy gets girl type-of-thing with sterling performances turned in by Robert McNerny, (5th grade teacher at San Altos), as Henry Simmons, father of a daughter of marriageable age, and who has more angles than a country politician for: 1. getting his own fat out of a romantic fire, and 2. getting his daughter married to his sterling but dull partner Chester Binney.

Partner is played up to the hilt by Robert Harvey (5th-6th grades teacher at San Altos.) Daughter Ethel (sometimes-PE-teacher-for-the-district Nancy Sailer) turns in a splendid performance as a giddy college student torn between wealthy and well travelled Roger Shields (Louis Robinson, 5th grade, Golden Avenue School) and Binney.

All of this is complicated by a doting mother and jealous wife Harriet Simmons (Genevieve Oliphant, district speech correctionist) who suspects her husband of playing around with Sadie Bloom, (Jean Fredregill, 5th grade, Monterey Heights) a dancing teacher.

When Letty Lythe (Pat Ide, 5th grade San Miguel) a movie

actress picks up the imagined romance of Binney's to make her fiance Donald Swift (Wes Stewart, 7th grade, junior high) jealous, a free-for-all ensues. From the battle comes affair-of-the-heart victors.

Grand performances were turned in by others in the cast too.

The maid, Lila (Dolores Lora, 4th grade, San Miguel) kept the various pieces of the play very well tied together. Smaller parts but effective performances were turned in by Sally (Charlotte Minnis, 4th grade, San Miguel), Annie (Mary Dawson, 1st grade, Monterey Heights), cab driver (Wiley Cornelius, principal, Palm Avenue school), Mrs. Jackson (Ellen Berdel, kindergarten, Vista La Mesa), and the girls (Gladys Jones, 1st grade, Monterey Heights; Alice Hacker, 6th grade, Golden Avenue; Emma Tait, 3rd grade, Vista La Mesa; Lucille Hunt, 4th grade, Vista La Mesa, and Evelyn Luaritzen, principal, Golden Avenue.)

Dennis Anderson, a 6th grade student at Palm Avenue School was Play Crier. With only a normal crier part prior to the play's beginning, he nearly stole the show.

Keith Richard was director. Harry Weisgerber and Jean Fredregill were stage manager and assistant respectively. The stage crew included John Strawn, Elmer Pedersen, William Whitley, Ed Cathon, Lucille Hunt, Emma Tait and Gladys Jones.

Supply of Teachers Becoming More Scarce, Says District Official

The nation-wide shortage of fully credentialed, competent teachers continues to harass even small districts like Lemon Grove, says Byron Netzley, superintendent of the Lemon Grove Elementary School District. Despite the number of teachers graduated each year from California colleges, the need far outstrips the supply. Lemon Grove, like most other districts in the state, seeks new instructors each spring from areas east of California, he said.

S. K. Solleder, assistant superintendent of Lemon Grove School District, left recently for college recruitment centers in other

western states to secure an additional 20 to 25 teachers for next fall. This number includes teachers needed for new classrooms and those who will replace the few resigning. Before his trip, Solleder held interviews twice at San Diego State College, but the number of teachers graduating locally cannot begin to fill the need throughout San Diego County and the city.

His itinerary includes colleges in Arizona, New Mexico, Colorado, Wyoming, and Utah. He has appointments to interview prospective teachers at 10 campuses. "Competition is becoming sharper each year in these states," he said. "Not only do other California districts, like Los Angeles and San Diego City, offer attractive positions to graduates, but recruiters from the East, and even Hawaii, visit all the colleges." The Midwest, in an attempt to halt the migration of teachers to the West, is now offering salaries comparable to those in California, according to Solleder.

Lemon Grove has, in the past, signed many fine teachers as a result of its recruiting. It averages about 50 percent of its new teachers from out-of-state contacts, according to Netzley.

Helix Students

To Give Plaques

The Helix High School class of 1960 is planning to donate plaques bearing Scottish persons or clans names to be placed on the Helix Arts, Science, Library, and General Education Buildings.

"We hope that this will help to carry out the Scottish theme on campus," Dona Joyce, senior gift committee chairman, said.

The Helix ASB has selected a committee to choose eight names for the halls. The senior class will vote for the final four.

La Presa Zoning Illegal; New Hearing Necessary

SAN DIEGO (CNS) — Another public hearing in connection with the zoning program for the La Presa area has been found to be necessary, the county Planning Commission was told Friday.

The commission only two weeks before had approved the final plan out of three for the 1,800-acre area.

Commissioners approved the calling of another public hearing, with notice of it to be advertised.

The hearing is needed, commissioners were informed by a memorandum from the planning staff, because county counsel's office had ruled that legal requirements had not been satisfied in the recommendation that two lots with 25-foot frontage be required to make a building site.

The new hearing will be on a recommendation to "provide that two contiguous entire lots shown on a recorded subdivision map, which front on the same street, have a total area of at least 5,000 square feet and have a common boundary line at least 80 feet long, shall constitute one building site."

Many lots in the area were only 25 feet in width, far below current county requirements, and during the hearings most of those who spoke favored bringing the lots closer to the county requirements.

Commissioners on Friday, so long as another hearing has to be called, also agreed that three other items not enacted before should be included.

As required by state legislation, they will include in the hearing a finding that there is no site in the area suitable for an airport, that the area to be zoned shall be called La Presa and that 75-foot setbacks are to be established in the area zoned for commercial purposes on Grand Avenue.

The name of La Presa was chosen because as now designated the area is described as an addition to a small area already zoned and known as La Presa Acres. The latter will also be known as part of the La Presa zoning district.

The 75-foot setbacks on Grand Avenue are to be established to provide parking areas for land zoned from C-1 and C-2. The zoning law does not require that parking be provided in such zones, while half the area of a C zone must be reserved for parking.

The new hearing will probably be held in early April, depending on how quickly the public notice can be advertised.

Preliminary Plans For Mt. Vernon School OK'd

The Lemon Grove School Board approved preliminary plans this week for the eight-classroom and kindergarten school to be built on the former Morse property on Mt. Vernon

Street. The school, scheduled to be finished in time for next year's classes if all goes well, will be called the Mt. Vernon Elementary School.

Meanwhile, the board authorized the sale of \$170,000 in bonds which had been approved at a bond election last year. The state Department of Education will make good the rest of the estimated \$300,000 cost provided they OK the district's financial application. This is expected to be a routine matter in that the state earlier this year approved an application for aid based on the district's need for classrooms, according to Byron Netzley, district superintendent.

Clyde Hufbauer, district architect, prepared the preliminary plans.

Engineers To Hear G. Fickas

George Fickas, member of the local Toastmasters Club who has gained considerable fame in this area as a humorist, will be speaker Sunday at a 9 a.m. breakfast meeting of the Compass Club at the Lafayette Hotel.

Fickas' talk will deal with the "employee problem." He says this problem attracted his attention when he found he was associated with a non-profit organization "but it wasn't intended that way."

T. A. Crawford is president of the organization.

4-H Clubbers' Parents Feted

Lemon Grove and Spring Valley 4-H Club parents night was held Saturday at the Lemon Grove Youth Center as a feature of 4-H Club Week which ends Saturday.

Fathers of club officers conducted the meeting. They included W. Gardner, Ray Bierwirth and Philip Mathewson. Refreshments and games were enjoyed after the meeting.

Local 4-H members Sunday demonstrated the care and answered questions about animals at the Children's Zoo in San Diego. They also appeared on a local television program Tuesday night.

The Dimmer View

by MAX GOODWIN

Last week, NEWSWEEK Magazine took a good, clinical look at teenagers who drive cars.

From this interesting study comes the frightening, but certainly rational hypothesis that it is not a modern world of teenagers who want cars against a world of adults who are dedicated to denying them this desire.

The magazine says that many parents are only too glad to see their teen-age children driving cars so that parents may escape the chore of carting them to school daily, to basketball games, to proms and the like.

This should be weighed carefully into our attitude, we feel, when one of these young demons screeches his car's tires in defiance when he passes us as we poke along at 35 mph.

NEWSWEEK also quotes a recent study made at a high school in Idaho in which it was shown that no straight-A students had owned a car; 15 percent of B students owned cars, 41 percent of C students, 71 percent of D's and 83 percent of E's were car owners.

If we follow this study to a logical conclusion it is apparent that an auto to the teenager is like television is to the grade-school pupil at study time. Neither serves in the degree originally intended without rigid controls over the user.

To the conscience of teenagers' parents we consign this knowledge, but not so naively that we do not suspect that they have been worrying about these very facts right along.

Shamefully, we acknowledge that autos is not the only major problem having to do with teenagers today. As disturbing as it may be to those of us who have two cars, a television with a 21-inch screen, and a full larder, there are teenagers in this community lacking the very basics of existence.

Such a story was brought to us by Miss Marta Sotomayor, an employee of the County Child Welfare Service and she is seeking help for the organization's Teenage Project. Miss Sotomayor's precise assignment is finding foster homes for teenage girls.

"There simply are none," she avers.

"We have an average of 50 teenage girls at all times for whom we desperately need foster homes and parental-type care," she said.

"These are not delinquent girls. These are girls whose home life has been disrupted by death, illness or divorce of parents. They are normal youngsters who desperately need supervision, security and kindness.

"Simply stated, they are neglected children," she said.

"The county juvenile hall accommodates 150 youngsters but they are in contact with delinquents there. These emotionally disturbed youngsters could be easily led into delinquency at this point," she said.

At the county's Hillcrest Home, where most of the youngsters are sent, 50 can be accommodated.

A case worker, trained in such affairs, Miss Sotomayor said, told her she hated to go to Hillcrest because a particularly attractive little adolescent cried so bitterly each time she is told no foster home to which she can be taken is available.

Miss Sotomayor said an official of the Welfare Department said last week in a closed hearing: "It is totally unrealistic to seek foster homes for teen-age girls... they just don't exist."

Dick Strauss, chief of juvenile supervision, San Diego County Probation Department said, "A great need exists for foster homes as well as other foster facilities to handle neglected and disturbed children."

To the end that these neglected girls might have a chance

Men's Club To Hear Story Of Neglected Teen Girls

The Men's Club heard Commander William Howerton, repair superintendent for the Naval Repair Facility in San Diego, tell of the economic and civic importance the facility has for Lemon Grove as well as other San Diego communities.

"We employ 2,000 civilians with 30 officers working as department heads," he said. Many of these people reside in the foothills area.

"These people belong to your service clubs, your churches and your PTAs," he said "and all who live in the Lemon Grove area contribute to the economy of the community."

He said the facility operates the largest floating dry-dock in the world.

Jesse Lee presided and was program chairman.

The program this week will be presented by the Child Welfare Service of the County of San Diego. Eldane Whiting rep-

resenting the welfare group, will tell of a new project involving teenage neglected girls.

It will be one of the few times a woman will have part in the club's activities.

The meeting will be held at Michael's at noon Friday. All men, whether members of the club or not, are invited to attend.

President Lee pointed out again this week that there is no cost involved in participating in the club except luncheon cost.

One-Year Permit Given VLM

Little League Park

SAN DIEGO (CNC)—A compromise was reached Friday before the county Planning Commission on protests against a permit for a Little League ballfield in Vista La Mesa, with the commission granting a permit for only one year.

Opposition to the use of a county-owned park for Little League purposes was expressed by half a dozen owners of neighboring property. Attacks were leveled against teenagers for using the premises for "beer parties."

A permit for two ballfields in the same area was recently approved by the commissioners and Commissioner Gilbert Ray, after hearing the opposition last Friday, suggested that the permit under discussion be good only until the two new fields are completed.

Deputy County Counsel Robert Berrey said a permit could not be issued with such restrictions. Property owners expressed themselves as satisfied with the limit of one year.

Pension Plan Negotiations Being Held

Pacific Telephone and the Communications Workers of America began bargaining Monday on two new wage and working conditions contracts affecting 13,370 telephone employees in Southern California.

One contract covers 11,500 plant department employees and the second affects 1,870 employees in the accounting department. The present plant contract expires March 28 and the accounting contract expires April 4. Both contracts have been in effect for the past 15 months.

In separate negotiations recently completed, unions representing Pacific Telephone employees agreed to the company's proposals for two changes in its pension plan. One change would increase minimum pension payments to \$115 at age 65 and thereafter, and to \$85 prior to age 65. The other change would substitute five years for 10 years as the

period over which pay is averaged for the pension base.

The company pointed out these changes would increase the pensions most employees will be eligible to receive in the future. They would also increase payments to the great majority of those now receiving pensions. Any increase in an existing pension would be limited to \$100 per month.

"The pension changes," the company said, "have been proposed in accordance with the company's objectives of maintaining its plan so that pensions have a reasonable relationship to pay at retirement and so that retirement income at company expense compares reasonably with that provided by other employers."

The amendments to the pension plan are subject to approval of the company's board of directors.

The company has 35,500 employees in the eight Southern California counties of Los Angeles, Ventura, Santa Barbara, Inyo, San Bernardino, Orange, San Diego and Imperial.

Padres Start Training This Month

San Diego's Padres soon will be packing to head for spring training to get ready for another Pacific Coast League baseball season. They're going to condition in nearby Indio this spring. General manager Ralph Kiner reports the new park there is ready.

A few battersmen are due to report to manager George Metkovich and coach Jimmie Reese Wednesday, March 11, but the full squad won't report until March 16. That will be the day after the Cleveland Indians and the Boston Red Sox finish their three-game series at Westgate Park.

Metkovich plans to take in exhibitions so he can look over the Cleveland hopefuls. Many will be joining the Padres later in spring training. Capacity crowds are expected for all three contests, the first two to be played at night and the last on a Sunday afternoon. Reservations can be made by telephoning CY 8-9826.

Entire Agriculture Program Available At Area School

Approximately 130 students of the Grossmont Union High School District are studying agriculture under the teaching of James Dyer and James Bosley, on the El Cajon Valley High School campus. The students included 31 from Grossmont High and seven from Mt. Miguel High. Helix High is the only high school in the district which isn't represented in the program which includes six girls.

In addition to five courses offered in the classroom, the program offers opportunity for a student to carry on a home project, either in livestock, poultry, or the production of some crop. These projects are inspected by the teachers, who drive over 1,000 miles a month in making the rounds. The boys show and sell their livestock projects at the San Diego County Fair. Poultry projects result in egg routes and crops are marketed.

Agriculture I deals with breeds of livestock and judging. Agriculture II takes up plant sciences, dealing with botany and the crops of California. Landscape design and soils are covered in Agriculture III, and the fourth year includes farm management, feeds and feeding, and animal diseases. Each course meets two hours per day. A general one hour course for students who want to explore the field is also available.

The agriculture building has a completely equipped shop as well as classroom space. In the shop, boys learn to build and repair machinery which they will work with on the farm. Future Farmers of America, a national organization of 300,000 members,

has a chapter in El Cajon, where 95 percent of the agriculture students engage in competition which takes them to meet all over the country and fills their trophy cases with awards.

PROGRAM 28-YEARS-OLD

Seven of the 130 students registered in the agriculture program come from families who make their living at farming. Dyer estimates about 50 percent of the graduates go on to agricultural college and later go into teaching or related fields. Surveys show that 15,000 jobs each year are available for people who are college trained in agriculture and there are only 8,500 such people graduated each year.

The department was originally established on the Grossmont campus in 1931 and was moved to El Cajon in 1951, four years before the school itself was built. Dyer and Bosley are graduates of the University of California at Davis and were active as FFA members.

Pancake Supper To Be Held Friday

The Lemon Grove Kiwanis Club's annual pancake dinner is to be held Friday at the Junior High School cafeteria starting at 4 p.m.

The project is held each year to finance youth projects for the club. Last year the club realized more than \$800, according to Ken Conrad, publicity chief.

Several large "Aunt Jemima" signs, 8 by 12 feet in size, were designed by Nancy Carlton, a Mt. Miguel High School student who lives in Spring Valley. These are erected along the approaches to Lemon Grove.

Tickets are \$1 for adults and 50 cents for children under twelve years of age. The menu consists of pancakes, ham, Tunes, syrup and coffee.

Tickets may be obtained from members of the Kiwanis Club, pom-pon girls of Mt. Miguel or at the door during the event. Dinner will be served until 8 p.m.

The showing will be for the balance of the month of March at the House of Charm, on the plaza in Balboa Park.

The gallery is open Wednesday, Friday, Saturday and Sunday from 1 to 4:30 p.m.

EL CORTEZ HOTEL CHOSEN AS HARVEST BALL LOCALE

The sixth annual Harvest Ball, sponsored by the Grossmont Hospital Women's Auxiliary will be held in the main ballroom of El Cortez Hotel, San Diego, it was announced this week by Mrs. Frank N. Evans, general chairman of the event.

The date, previously decided upon, is October 3.

Arrangements and preparations for the ball are already underway. Mrs. W. D. Beasley, general co-chairman; Mrs. Richard C. Adams, arrangements chairman; and Mrs. Ernest Kling, presentations chairman, met at the hotel with Mrs. Evans to finalize arrangements for the ballroom and other details.

The decorations sub-committee met Tuesday at the home of its chairman, Mrs. Warren Salender, 5514 Connecticut, La Mesa.

The presentations committee will meet Saturday at 10:30 a.m. in the cafeteria of Grossmont Hospital where this year's provisional class will be formed. The provisionals are high school junior daughters of auxiliary members in good standing, who wish to be presented at the ball and who have applied for admission to the class. They will be required to attend the organization meeting and to pledge themselves to the course of training and service prescribed by the auxiliary. Applications for admission to the class were received from 30 girls. Mrs. Kling and her co-chairman, Mrs. Harry Hodgkett, will officiate at the organization meeting, when further requirements will be outlined and explained to the girls.

On Tuesday, March 17, 10 a.m., Mrs. W. Rollin Lee will hold a "coffee" meeting of the souvenir program sub-committee, of which she is chairman, in her home, 9216 Brier Road, La Mesa. Mrs. Lee Packard is co-chairman of this group. Mrs. Jacques

Politics Blamed For Water Plan

Problems which have arisen in connection with the California water plan are due to politics, not engineering, directors of the San Diego County Farm Bureau were told recently at a meeting in the San Diego Chamber of Commerce building.

Ray Hunter, chairman of the Natural Resources department of the California Farm Bureau Federation said he was "optimistic" about early legislative action on water problems of the state.

William B. Hughes, director-at-large from Fallbrook, was announced winner of top prize in a patriotic contest sponsored by the American Farm Bureau Federation.

INCOME TAX FAX

This series, dealing with income tax problems, was compiled by the Society of California Accountants and will appear in this newspaper until April 15, deadline for filing income tax returns. It is presented as a public service to readers by the Society of California Accountants and this newspaper.

Your charitable contributions are deductible up to 30 percent of your adjusted gross income provided that at least 10 percent is to churches, educational institutions or tax exempt hospitals. Otherwise your contributions are deductible up to 20 percent of your adjusted gross income. Contributions, to be deductible for 1958, must have been paid in 1958. It is not enough to have pledged to contribute at a later date.

Payments in money or property are equally deductible. If a contribution was made in property, the amount of the deduction is the fair market value of the property at the time the contribution was made. This has interesting possibilities. Assume that you purchased a piece of real estate for \$5,000 in 1940 and you made a contribution of this piece of real estate in 1958 and its fair market value at the time of the contribution was \$10,000. You receive credit for the contribution of \$10,000 but you do not pay tax on your gain of \$5,000.

However, if you sold the real estate for \$10,000 and contributed the \$10,000 you would be taxed on your long term capital gain of \$5,000. It does not matter if the recipient of the contribution immediately sells the property. All forms of property may be contributed — stocks and bonds, automobiles, furniture, fixtures, equipment, clothing, etc.

POLITICAL GIFTS UNDEDUCTIBLE

To be deductible your contributions must be to a religious, charitable, educational, scientific or literary organization; or an organization for the prevention of cruelty to children or animals except when such organization is operated for personal profit or to conduct propaganda or attempt to influence legislation. Also deductible are gifts to fraternal organizations if they are to be used for charitable or religious purposes, and gifts to veterans organizations. Also gifts to governmental agencies for public purposes, etc.

Do not deduct political campaign contributions or contributions to any organization that devote a good part of their activities to propaganda, lobbying or trying to influence legislation, even for a worthwhile purpose.

The Dimmer VIEW

(Continued)

for a happy teenage existence, the County Welfare Department, the Volunteer Bureau of the Child Welfare Service, the Pastoral Counseling group of which our own Reverend Donald Cooke and Phillip Bartlett are principals, and some interested citizens, are all seeking help on this problem.

The Rev. Charles C. Howse, director of the Pastoral Counseling Center has attempted to interest service clubs and women's clubs in purchasing a house in Lemon Grove or Spring Valley and making it available to the department for the Teenage Project. This would, many believe, give these youngsters a nodding acquaintance with the warm feeling of being wanted, a condition so vital to normal development of adolescents.

The Lord knows enough errors and not-intended meanings creep into anybody's newspaper, some of them embarrassing, some of them funny.

One, confusing and amusing as any was in an Associated Press story recently printed in the El Paso Times.

The story read: "The Senate tabled indefinitely, and in effect killed, a proposal to allow Sunday liquor sales Friday."

Fashion Show Set For Helix High

The Helix High School Music Parents Club will sponsor a fashion show at 7:45 p.m. March 11 to raise funds for the purchase of uniforms for the school's band members and to provide educational opportunities for music students.

The Lemon Grove Highlander store for men and Marsi's stores for women will display latest fashions for men and women at the show to be held in the Green Room at Helix High.

Mrs. Donald M. Hill is chairman and Mrs. L. M. Parsons is co-chairman for the event.

Door prizes will be awarded. Donations are \$1.

Mrs. Fred Ward Named Concert Drive Chairman

Mrs. Fred Ward, 3346 Sweetwater, Lemon Grove, has been named chairman of the 1959-60 membership campaign for the Grossmont Community Concert Association. Mrs. Robert Soukup of La Mesa has been appointed co-chairman. They will head a membership drive scheduled for Monday through Friday of next week.

Accepting her new post, Mrs. Ward said, "The \$7 adult and the \$3 student memberships in the concert association entitle the subscriber to four concerts during the 1959-60 season, plus a bonus concert for new members (Gaudan Ensemble concert April 1), and reciprocity with similar concert associations in Coronado, Oceanside, Riverside, El Centro, Banning and the Los Angeles area." Mrs. Ward also pointed out local residents have easy access to the Grossmont High School auditorium where the concerts are held and easy parking and foam rubber seats in the auditorium. "These combine," she said, "to give the concert goer in the foothills area a bargain in good music."

Headquarters for the concert association are in the La Mesa Chamber of Commerce building, 8200 Allison Avenue, La Mesa. The telephone number is HO 3-3014. Mrs. Ward can be contacted at HO 9-4404 and Mrs. Chaffee's telephone number is HQ 3-1877.

The Grossmont Community Concert Association has booked pianist Eugene List and his wife, Carroll Glenn, violinist, for November and The Temianka Little Symphony for February, 1960. There are over 1000 Community Concert Associations in the United States, all using the prepaid audience plan which assures a known audience of top flight artists and assures the artists of an appreciative audience.

Four Students Earn Seats In Los Angeles Orchestra

Four members of the Lemon Grove Junior High School orchestra have won seats in the All Southern California Junior High Orchestra at Los Angeles. The four eighth grade students are Diane DeFidelibus, George Hernandez, Charles Edens, and David Muerdter.

The competition included junior high school students from hundreds of districts throughout seven Southern California counties. From this competition the judges selected 100 students for the top orchestra award. The orchestra rehearses each Saturday in Los Angeles through April 18 and will then present three concerts. One will be a paid performance and the others will be district and regional festival appearances.

Diane, daughter of Mr. and Mrs. Edward DeFidelibus, 2766 Citronella is first violinist in the Lemon Grove school orchestra. She was accepted in the second

violin section of the top orchestra. George, son of Mr. and Mrs. R. R. Hernandez, was also accepted for the second violin section.

Charles, son of Mr. and Mrs. C. W. Edens of 3485 Sweetwater Road, will be second trombone with the Los Angeles orchestra, and David, son of Mr. and Mrs. Kurt Muerdter, will play tuba. All are members of the 8-5 class at the Junior high and are active members of the school orchestra.

Harry Weisgerber, director of instrumental music for Lemon Grove schools, made the recommendation for the four local students. To enter the Southern California competition students needed a recommendation stating they were in good standing with their school orchestra. All winners were notified by mail following the judging.

Guides conducted the pupils through the cannery pointing out special places of interest to the young people and answering the many questions asked by inquisitive youth.

The class, under the supervision of Mrs. Emma Tait, left the school by bus at 9:15 a.m. and returned at 11:00. Parent sponsors included Mmes. Bice, Burkett, Ugrin, Johnson, and Annis. The field trip was part of a class project or unit on the local community.

SD Methodist Campus Fund Project

Birthday 'Spanking' Is Student Council Award

The San Altos School Student Council received a shock last week when the principal suddenly turned the council's vice president over his knee and administered an old-fashioned spanking! Shock turned to delight when students realized that their sponsor, Principal Douglas Giles, was employing an old fashioned way to acknowledge Linda Leonosio's birthday. All 16 members of the council announced their birthdays so that they, too, can be "spanked."

The Student Council provides all pupils with opportunities to express themselves on issues appropriate to elementary school councils. It serves as an advisory group to the principal, plans student activities, and promotes worthwhile student projects. Officers include Mike Long, president; Linda Leonosio, vice president; Patricia Hill, secretary; and Linda Minor, treasurer.

Because of conflicting hours at recess, lunch period, and dismissal, representatives resolved the meeting time problem by combining lunch and meetings in the school conference room. Informal conversations are enjoyed until lunch is finished when the meeting is called to order.

Giles serves as a guide for the council, frankly discussing with

them their responsibilities and their limitations as a governing board. This has prevented the council from attempting responsibilities legally or ethically delegated to others. Typical council-sponsored activities include the selection of school colors by popular vote, staging student assembly programs featuring outside talent, and participating in the recent dedication ceremonies. The student representatives have discussed and made recommendations concerning student attire, playground behavior, and game rules.

CARE Packages Available Now For Overseas Easter Giving

CARE surplus and gift food packages are available now for distribution overseas by Easter, Edward, J. Flynn, western director, announced today.

"Easter is a particularly significant time to share with our needy neighbors overseas," the CARE spokesman said. "It is

a time of hope, of looking forward, of happiness. To homeless refugees and other destitute people abroad it will offer only hunger and discouragement, unless Americans assist them. There is a built-in Happy Easter in every CARE package, which goes to some sick child, some impoverished family or some destitute institution in underprivileged areas overseas.

For Easter, distribution CARE has surplus agricultural products which go at the rate of 22 pounds for \$1; 220 pounds for \$10, the CARE representative said. It is sent to countries of greatest need and is distributed regardless of race, color or creed.

In addition, CARE has gift packages of food and tools with a price range of \$10 to \$100, which may be sent to specific individuals or families abroad, in contrast with the surplus food which is delivered on a general relief plan.

Orders are being received now for Easter packages and will be honored as long as the packages are available. Stockpiles overseas make quick delivery possible, the CARE representative said.

Orders for any CARE packages or contributions in any amount may be sent to CARE, 215 West 5th Street, Los Angeles 13.

Three Newborns Each For Two Local Areas

Lemon Grove and Spring Valley tied for honors recently in the perpetual baby race at local hospitals. Both communities had three births from February 20 to February 25.

Grossmont Hospital reported: An eight pound, 6½ ounce, boy born February 20 to Mr. and Mrs. Robert Daneri of 9034 Lemon Ave., Spring Valley; a six pound, 15½ ounce, boy, also born February 20, to Mr. and Mrs. Estell Eugene Allen of 3745 Citrus Street, Lemon Grove; an eight pound girl born February 21 to the John Groot, Jr. family of 7150 Broadway, Lemon Grove.

Also a six pound, 11½ ounce, girl born February 21 to Mr. and Mrs. Robert Bresnahan of 7218 Carmenita Road, Lemon Grove, and a seven pound, 14½ ounce, girl born February 25 to Mr. and Mrs. Andrew Zubricky of 2630 Central Avenue, Spring Valley.

Paradise Valley Hospital reported a boy, weighing a whopping 10 pounds, 14 ounces, born February 25 to Mr. and Mrs. Robert Cranfill of 8787 St. George Street, Spring Valley.

This newspaper last week almost sent a newborn to the wrong house. We reported an eight pound, five ounce, boy born February 17 to the Robert Warren Casaday family of 8923 Spring Place, Spring Valley. Actually, he belonged in the Michael Toth household at the same address. The Casadays also welcomed a new baby on the same day but they live in San Diego at 5147 Ewing Street.

Local Schools To Take Part In San Diego Annual Music Festival

Mt. Miguel and Helix High Schools and Lemon Grove Junior High School will take part Friday and Saturday of this week in the 16th annual San Diego District Instrumental Music Festival at Mission Bay High School in San Diego. The event is sponsored by the San Diego section of the California School Band and Orchestra Association.

Kenneth Owens, San Diego City Schools' assistant supervising chairman, said 300 soloists and 100 ensembles will perform for evaluation of their work in addition to the nearly three-score orchestras and bands. A total of 3,200 student musicians will participate.

For two full days the orchestras, bands, soloists and ensembles will play in concert performance for the privilege of receiving evaluation and criticism from guest adjudicators.

NO COMPETITION

"No inter-school competition is involved in the festival," Owens said. "The participating musical groups and individuals compete only against the high standards set by the adjudicators."

Continuous performances are scheduled both Friday and Saturday from 8 a.m. to 4:30 p.m. in the Mission Bay auditorium. All daytime performances will be open to the public without charge.

Friday and Saturday evening performances, starting at 7:30, will feature orchestras and bands in concert appearances. Admission will be charged.

Orchestras representing El Cajon, Helix, Hoover, and Mt. Miguel high schools and Horace Mann Junior High will perform Friday night.

JUDGES NAMED

Saturday night's program will feature bands from El Cajon, Hoover, and Mt. Miguel high schools, Escondido Elementary School and La Mesa Junior High.

Festival adjudicators, all prominent music educators, will be George Burt, Fullerton Junior College; Dr. Maurice Faulkner, University of California at Santa

God's Minute

"TURN"

God calls us through the Gospel and He will also supply the power necessary for us to accept His invitation to come to Him. This first takes the form of prayer. We come to God in prayer confessing our sins and asking for His forgiveness. By His grace, we turn toward God.

EXECUTIVE MEETINGS

CALLED FOR JR. HIGH PTA

Mrs. R. C. Alexander will preside at a meeting of the Lemon Grove Jr. High School PTA Executive board Tuesday at 7:30 in the homemaking room of the

school. The nominating committee will present the list of officers for the coming year. A new Ways and Means project will be discussed by the committee chairman, Mr. Jack Durham. Hostesses will be Mrs. C. J. McMahon and Mrs. E. E. Gavallin.

Mt. Miguel Boosters Plan Pie Raffle

The Mt. Miguel Boosters Club, a group formed to acquire supplies and equipment not furnished by the district, will have an old fashioned pie social Monday at 7:30 in the auditorium of the school. Pies will be raffled.

The girls' athletic department, under the direction of Jane Trude, will demonstrate fencing while Coach Tom Welbaum will demonstrate some of the activities of his department. The Gadabouts, a square dance group, will perform various dances, and there will be pie for all.

One of the projects of the Boosters is the installation of lights at Mt. Miguel's athletic field. An estimate of \$8,000 for an eight-pole installation has been obtained. Previously, a bid of \$32,000 was low. The club is attempting to interest service clubs in donating funds for the project. Poles will carry the donor's name on a brass plaque.

Individuals interested in assisting should contact Ed Schroeder at HO 6-5512 or John O'Connor, HO 6-8351.

Four Million State Income Tax Returns Mailed Last Week
State Controller Alan Cran-
ston, chairman of the Franchise
Tax Board, stated today that the
1958 state income tax returns
have been mailed to everyone
who filed a return last year.

The tax board chairman stated
that, due to the continuing in-
crease in the state's population,
the number of returns filed will
probably be close to 4 million
for 1959.
"State income tax returns must
be filed by all single individuals
who earned \$2,000 or more last
year, and by all married couples
whose earnings were \$3,500 or
more," Cranston said.

Cranston stated the Franchise
Tax Board maintains branch of-
fices throughout the state where
taxpayers may obtain help with
their returns. Anyone needing
help with his return should call
at 530 Broadway, San Diego,
BE 3-8109, or at headquarters
office, 1025 P Street, Sacramento.
